The Board submits the following report in continuation of paragraph 2 of its Refce.No.B/E 1293/37-16 dated 26-12-1939.

2. In the statement of alterations to the list of porambokes and wastes submitted with its Refce.No.B/E 1293/37-14 dated 6-10-1939, cited above, the Board proposed that

that in regard to S.No.665A, the portion of the village site poramboke (A B C D in the sketch of S.No.665 already submitted) included in S.No.665 B-7 might be shown as waste. The extent of this portion was adopted roughly as 1.14 acres. The Board also reported that the claim of the Provincial Government to the portion of the village site included in S.No. 665 B -5 might be ~~xxx~~ ignored, as this Survey number was a private ~~building~~ holding. In paragraph 3 of the G.O. cited above, the Government enquired what corrections were required to the list of porambokes and wastes on account of the exclusion of the plot B C D (the portion of the extent of 2.96 acres in S.No.665 B/5) from the village site poramboke. In regard to these corrections the Collector reports that the entire extent of the village site poramboke has been merged in the several sub-divisions of S.No.665, viz., S.Nos.665A, 665/B1, 665 B/7, 665 B/5 and S.No.957. The extent of the portions of the village site merged in each sub division and its classification in the Revenue Accounts is given below:-

S.No.	Extent of the portion of village site merged in this S.No.	Classification of the S.No. in the Revenue accts.
	Acs. cts.	
665A	0- 22	Government dry assessed waste.
957	0- 02	Road poramboke.
665 B-1	1- 05	Govt.dry assessed waste.
665 B-7	1- 60	essed waste.
665 B-5	0- 07	Inam dry Holding
	2- 96	

p 59 G.O (S) The Board considers that the portion B C D of S.No.665-A par (village site poramboke) measuring 7 cents and merged in S.No.665-B-5 may be excluded from it as it is a private holding. Out of the remaining area, viz., 2.96 – 0.07 = 2.89 acres, the portion measuring 2 cents merged in the road poramboke, S.No.957, may be classified as road poramboke. The rest of the village site, viz., 2.87 Acs. may continue to be classified as such and no alteration in respect of this portion is necessary. In modification of the amendment in respect of S.No.665A submitted to the (S) Government in statement B enclosed with the Board's Refce. B/E 1293/37-14 dated 6-10-39 and with reference to paragraph p 53 ibid 3 of G.O.No.Ms. 2986 (Revenue) dated 14-11-1939, the Board submits the following amendment to the list of porambokes an wastes:-
